## Over a Million Canadian Families Every Year are Served Direct from this Canadian Factory

**F**OR nearly six years, Fuller brushes have been manufactured and sold in Canada. They are brought direct to your home by our special representatives—themselves Canadians who work in the communities where they live.

Out of the specialized knowledge of our organization has been created a wide array of new and labor-saving devices to simplify cleaning tasks in every room in the house. Each Fuller product is created in answer to a specific need, discovered from first-hand contact with the cleaning habits of Canada and of personally the entire civilized world. Many Fuller items are specially constructed to do a specific cleaning job—under low furniture, over delicate fabrics, about high moldings, between radiator coils and in hundreds of hard-to-get places where no other cleaning instrument can be used. In the very uniqueness of some Fuller products lies the reason for its being of such advantage to housekeepers to have them explained and demonstrated by Fuller representatives right in your home.

*If your Fuller Man has not called recently at your home, write or phone the nearest sales office of The Fuller Brush Company, as listed below. A request addressed to our Hamilton factory will bring you our own booklet, available on any household, "Cleaning Problems of the Home".*

**MY FRIEND** thought I might write you the story that I told a small girl for a day apartment in the city.

My friend is a very new mother of a girl, and she told me what she is doing in her new apartment. I was so interested in her story that I wrote it for you. I was so interested in her story that I wrote it for you. I was so interested in her story that I wrote it for you.

The two rooms are connected by a small doorway that can be closed.

# Announcing PROBAK the finest double-edge razor blade ever built

**P**ROBAK is a marvelous new blade of super-quality for your present double-edge safety razor. It is not an imitation—not a substitute. Patented features from edge to edge make it new in every respect—a vastly superior blade that actually brings the straight-edge principle to the double-edge razor for the first time.

## Shaving Results are Amazing

You shave with speed, ease and comfort you've never known before. Your razor has a butterfly touch—glides evenly, smoothly—goes through heavy beard without drag, pull or vibration. Once over is enough.

## Marvelous Tru-Flexing Steel

Probak—17% heavier than the average blade—bends without distorting. Built of duo-tempered, secret processed steel with butterfly channeling, it flexes perfectly and lays two super-keen edges rigidly along the guard. Here's steel that takes an edge and holds it—purrs like a barber's favorite as it whisks through beard. Ribbons of steel are treated, ground, honed and stropped in one continuous series of operations.
